Shiqi **Yang**

✉ syang@cvc.uab.es | ⌂ shiqiyang.xyz | in aquila147

Education

Computer Vision Center, Autonomous University of Barcelona *Barcelona, Spain*
Ph.D. in computer vision, deep learning, supervised by Dr. *Joost van de Weijer* *Oct. 2019 - Now*

Huazhong University of Science and Technology (HUST) *Wuhan, China*
M.S. in Control Science and Engineering, School of Artificial Intelligence and Automation *Sep. 2016 - Jun. 2019*

Wuhan University of Science and Technology *Wuhan, China*
B.S. in Automation, School of Information Science and Engineering *Sep. 2012 - Jun. 2016*

Research Experience

Kyoto University *Kyoto, Japan*
Visiting student/Guest Research Associate IN *GSAIS* *Oct. 2018 - Mar. 2019*
• *Funded by Studying Abroad Financial Support of Huazhong University of Science and Technology.*
• Topic: Generative Adversarial Network for Chinese Traditional Artwork. (Image generation and style translation)
• Working with Prof. Liang Zhao and Prof. Xuefeng Liang.

Projects

Deep Lifelong Learning in Open World Scenarios

Oct. 2019 -

• *Currently focusing on source-free domain adaptation*

Publications

Unsupervised Domain Adaptation without Source Data by Casting a BAIT
SHIQI YANG, YAXING WANG, JOOST VAN DE WEIJER, LUIS HERRANZ AND SHANGLING JUI
• In submission [arXiv][code]

Simple and effective localized attribute representations for zero-shot learning
SHIQI YANG, KAI WANG, LUIS HERRANZ AND JOOST VAN DE WEIJER
• In submission [arXiv]

Parallel Convolutional Networks for Image Recognition via a Discriminator
SHIQI YANG, GANG PENG
• **Asian Conference on Computer Vision (ACCV) 2018** [paper][arXiv]

Attention to Refine through MultiScales for Semantic Segmentation
SHIQI YANG, GANG PENG
• **Pacific Rim Conference on Multimedia (PCM) 2018** [paper][arXiv]
